News Release

MMC APPOINTS DANIEL S. GLASER AS CHAIRMAN AND CHIEF EXECUTIVE OF MARSH

Leading Insurance Industry Executive to Join Marsh in December

NEW YORK, December 3, 2007 — Marsh & McLennan Companies, Inc. (MMC) today announced the appointment of Daniel S. Glaser as Chairman and Chief Executive Officer of Marsh Inc., MMC's insurance broking subsidiary. Mr. Glaser currently serves as Managing Director of AIG Europe (U.K.) Limited and the Regional President of AIG's American International Underwriters (AIU), UK/Ireland division. He joins Marsh on December 10, 2007.

Mr. Glaser began his career in the insurance industry as a Marsh broker in 1982. He worked at Marsh for a decade, serving in roles in New York, London and Saudi Arabia. Thereafter, he spent eight years at Willis, where he served as President and Chief Operating Officer of Willis Risk Solutions, the large accounts practice. In 2000, he joined AIG as President of the Global Energy Division and, in 2002, was named Managing Director of AIG Europe (U.K.), AIU's largest division.

"Dan has broad expertise in the insurance industry as well as first-hand knowledge of the Marsh organization," said Michael G. Cherkasky, MMC President and Chief Executive Officer. "His perspectives as both a broker and an underwriter, coupled with his extensive international experience, make him the ideal candidate to take Marsh forward."

Mr. Glaser commented: "In returning to Marsh, I will come full circle to the start of my career in the insurance industry 25 years ago. During that time, I have seen the strength and resiliency of the Marsh organization: it is a company with great people, the strongest client base in the world and a bright future. There are challenges and we must address them. There are also tremendous opportunities, and with the support of thousands of Marsh employees, I intend to move promptly to seize those opportunities."

Mr. Glaser currently lives in London and will relocate to MMC's corporate headquarters in New York. He will report to Mr. Cherkasky.
